FAITH/ENTERPRISE FACTOR CONFERENCE II

Empowered to Confront Social Breakdown and Change Lives!

Nexgen Initiatives will be holding **The Faith Enterprise Factor II** conference on 10 November 2007 to equip Faith-based organisations for effective community engagement, successful fundraising activities and sustainable project development.

Recently, the work of local faith-based organisations in towns and cities in the UK has been recognised by Government and others as being essential in supporting people, community regeneration, tackling poverty and helping to overcome the problems of crime, drugs and social ills. Based on the feedback from our previous **Faith Enterprise Factor** conference held in June 2007, we identified that the issue of funding was still a major barrier, militating against many organisations from achieving their aims and objectives.

At Nexgen, our mission is to support and provide you/your organisation with the opportunity to move your ideas to reality, develop your projects, engage and foster relationships with Policy and Grant Makers. We have been receiving success stories from delegates at our previous conference; many have developed their projects, accessed funding and have moved on a great deal with their ideas. You may wish to know that there is still a lot of support and funding available for faith-based projects and innovative ideas.

You are cordially invited to attend the **Faith/Enterprise Factor Conference II** to acquire relevant knowledge, skills, build your capacity and be empowered to engage in sustainable social and economic activities to positively influence your community.

Date: Saturday, 10 November 2007
Time: 10am - 4pm
Venue: Nexgen Initiatives
3rd Floor, The Mezzanine 2 Conference Room
1 London Bridge
London, SE1 9BG
